## 2 All-purpose outerwear to help keep you dry and shielded from the rain and wind

### Water resistant\*, windproof, breathable Blocktech

Blocktech is water-resistant and windproof to keep rain and wind from getting underneath, and breathable to release sweat-produced water vapor. It also has long-lasting water-repellence so water bounces off. The highly advanced material is even stretchy. It's just the support you need when you're out and about under unfavorable weather.

\*Does not offer full protection.

\*During extended periods of rainfall, you may still get wet.

### BLOCKTECH

2  
POCKETABLE UV  
PROTECTION PARKA

1 A pocketable design lets you fold up this parka that blocks UV rays. It's also a handy travel item because the material has long-lasting water repellence to knock away rain and water.

2 This parka that blocks UV rays and has long-lasting water repellence is made with firm ripstop material. It's compact so you can easily store it away when you're on the move.

3 Use this as a light outer layer for spring or to counter UV rays in summer. The parka's sleeves have a thumb hole at the end. It also comes in a wide range of bright colors.

### Blocks 90% of UV rays

UV Protection Wear absorbs and reflects UV rays to block 90% of this light that is your skin's nemesis. Just put it on and defending your skin is a snap. UV Protection Wear is a wonderful tool to have throughout the calendar. It even retains its performance without degradation over time so you can feel at ease about going outside.

4 Clothing to keep you comfortable, even in an intense workout

- 1 Made with ultra-fast-drying material originally designed for sports. The parts where sweat often collects are very breathable to retain a smooth texture on your skin. Also anti-bacterial and deodorizing.
- 2 A lightweight parka packed with features: blocks UV rays, ultra-fast-drying, anti-bacterial, deodorizing and more. Thumbholes at the ends of the sleeves protect the backs of your hands from sunburn.
- 3 With a carefully designed basic silhouette and fit, this T-shirt is easy to coordinate thanks to a gradation pattern of colors. Pleasant drying performance keeps you comfortable all the time.
- 4 Outfitted with two special features: ultra-fast-drying to absorb sweat, plus anti-bacterial and deodorizing. Fewer seams means a smoother texture. Perfect for sports.

Highly advanced Dry-Ex material dries up sweat fast

Dry-Ex is made for fast drying. It's highly advanced material that professional athletes wear on the field. The way it's woven quickly absorbs and releases moisture, so even if you sweat, the material stays smooth. Dry-Ex keeps comfortable.

ROGER FEDERER

UNIQLO Global Brand Ambassador

When I play tennis, the material I'm wearing is very important. Especially when I have a long, hard game, I have to depend on my equipment and clothing that quickly absorbs sweat. To me, Dry-Ex provides exactly that kind of support. I like the smooth feel and the very comfortable fit. I'll wear a polo shirt at a match or a press conference, or a jacket with a hood when I travel. Dry-Ex is a perfect match in any setting in my daily life.

PROFILE

Born in Basel, Switzerland on August 8, 1981. Winner of 20 Grand Slam titles, a record, with eight, another record, coming at Wimbledon. An active player who remains one of the world's most influential athletes not only in tennis, but all of sport.

5 Clothing with a nice fit but lets you move freely both vertically and horizontally

- 1 A stylish item with a silhouette that gives you more beautiful legs and excellent stretchiness. Perfect for sport or even just going out on a hot day
- 2 Cotton-like material with a nice tapered silhouette. High-spec pants with a design imbued with functionality for use at work or on your own time.
- 3 Outstanding stretchiness in all directions, plus a silhouette designed to stay out of your body's way. Wear them for everyday use or in active settings

LINEN/EXTRA FINE COTTON/SUPIMA COTTON

# The ultimate comfort and texture brought by clothes painstakingly produced from natural material

The texture, feel and color of natural materials... UNIQLO offers you timely silhouettes and designs from all natural materials—not so common these days—at an affordable price. Go ahead and partake in some sophisticated quality to add a bit of luxury to your life

1 A linen collection with evolving texture that feels better the more you wear it

## Sophisticated, refreshing natural materials in 100% Premium Linen

This linen is a sturdy, long-lasting fabric with a soft feel. It also absorbs moisture well. The smooth texture and lustrous appearance offer proof of the carefully selected quality. UNIQLO uses choice materials produced in western Europe to deliver nothing but the cool, refreshing experience of 100% natural materials.

## WOMEN

PREMIUM LINEN SHIRT

This standard 100% Premium Linen shirt arrives as a more relaxing style. The shoulders have been slightly dropped down and body width has been increased for a looser fit.

PREMIUM LINEN SKIPPER COLLAR SHIRT

Put on this skipper shirt and you'll look as pretty as a picture. The loose shape and three-quarter sleeves create an air of sophistication. Both solid colors and stripes are available.

LINEN BLENDED SHIRT DRESS

The gorgeous drape is made from a material blending linen with viscose rayon. It comes with a belt made with the same fabric. The dress can be arranged into a wide range of outfits.

LINEN BLENDED COCOON DRESS

Wear a trending cocoon silhouette with this one dress made from a linen blend as your outfit. It's a casual way to cover your body. The open V-neck adds a summerly.

BELTED LINEN RAYON WIDE PANTS

These wide pants with a natural, neat look have the smoothness of linen combined with rayon to provide a cool-feeling texture. Comes with a detachable belt.

LINEN COTTON TAPERED PANTS

You'll note the natural feel of the pants featuring the cool touch of linen and the gentle caress of cotton. The tapered silhouette makes the legs look nice and slim.

## MEN

PREMIUM LINEN SHIRT

\*Product availability may vary per store.

This 100% linen shirt comes in a range of colors. The body is shaped to a degree to produce a handsome silhouette. It's also short enough to look good untucked.

2 Shirts made from top-level cotton in a wide-ranging assortment of colors and patterns

An oversized long-sleeved shirt that's in style this year. You'll look handsome with the compact collar and the nicely spaced body and sleeves. Has side slits.

This casual shirt for everyday use has been washed to produce a quality item with a natural look. Buttoned-down and regular collared designs are also available.

Get a half-sleeved shirt with a regular fit in a trending pattern. You can get a regular collar design, or try a buttoned-down or a pull-over type.

\*Product availability may vary in selected stores only.

This spring, a further evolution in Extra Fine Cotton

Extra Fine Cotton is a very rare variety with long fibers and a gentle texture. Quality fabric made entirely from this cotton is alluring for its softness and faint sheen. With some special treatment, this season's items have been updated with material that is even softer and more resilient against wrinkles.

3 The gentle feel of Supima® cotton

Supima® cotton, with quality a rank above the rest

Characterized by its ultra-long fibers, Supima® cotton accounts for less than 1% of all the world's cotton. UNIQLO uses this variety to produce clothing starting with the fabric's yarns. The secret to the fabric's gentle feel is the yarn, which has long fibers and produces little fuzz. A soft texture and beautiful coloration are features of Supima® cotton.

\*Product availability may vary in selected stores only.

A V-neck shirt with a fine opening under the neck makes you look sharp. The jersey fabric, with a nice thickness, deemphasizes your figure for a balanced look.

A crew neck T-shirt of 100% Supima® cotton that looks good on anyone. The jersey fabric is just right to wear on its own or in layers with something else. Available in numerous colors.

A T-shirt made 100% from Supima® cotton, with its soft texture and shiny luster. It produces little fuzz and feels smooth for quality comfort.

A V-neck T-shirt with a calculated opening. It has a delicate feel and a subtle yet sophisticated air. Choose from standard colors to something a little more vivid.

# Jeans with greater comfort thanks to truly innovative technology

To produce UNIQLO Jeans that is ideal for everyday life, we listen to customer feedback as we constantly work to create new value. The comfort comes from innovations in materials and functionality, while the fit is trend-conscious. You'll find a wide-ranging lineup at UNIQLO.

WOMEN

5 ULTRA STRETCH JEANS (SKINNY FIT)  
\*Product availability may vary per store.

4 U WIDE FIT CURVED JEANS

1 Note the belt at the waist and large pleats. The tapered form grants you a beautiful silhouette.

2 This relaxed fit features a tapered silhouette that's loose around the waist and a mid-rise that deviates from your leg line. You'll look nice in a pair of these.

3 Compression denim that exerts a compression effect\* gives your belly and legs a beautiful shape. It's a skinny, straight design to make legs look nice.  
\*When compared to typical UNIQLO products

4 Non-stretch jeans made of thick denim. The wide silhouette, with a loose curve along the hemline, gives your legs pretty contours.

5 Although these are our skinniest jeans, you'll be amazed at how elastic they are. Just put on a pair to show off fantastic-looking legs. UNIQLO has produced a comfortable texture by using smooth material on the inside.

6 These wide jeans made with 7 ounces of lightweight denim have a higher waist line to balance out a neat look. White and other summertime colors are available.

8 EZY ULTRA STRETCH COLOR JEANS (SKINNY FIT)

10 EZY JEANS (SLIM FIT)

7 ULTRA STRETCH SKINNY FIT JEANS

9 STRETCH SELVEDGE SLIM FIT JEANS

11 MIRACLE AIR 3D JEANS (REGULAR FIT)

12 REGULAR FIT TAPERED JEANS

7 While this item has our skinniest tapered silhouette, the Ultra Stretch material makes wearing these jeans a stress-free experience. The denim is made by Kaihara, one of the world's top manufacturers.

8 EZY Color Jeans offer the fun of different colors with a five-pocket design. We've made advances with the Ultra Stretch material for greater comfort for you.

9 These jeans possess extra elasticity with traditional Selvedge denim. We scrutinized the placement of the pockets and knees to produce a slim fit that makes your legs appear extra long.

10 Although they look like regular jeans, these pants have an inner lining that feels soft, like sweatpants. The slim, tapered design has a nice and neat look.

11 These jeans use a 3D structural pattern designed for comfort and lightweight Miracle Air material to make them comfortable and easy to put on like sportswear.  
\*Product may not be available in the Philippines.

12 These jeans have a sophisticated regular fit that tapers from the lower back to the thighs. The material is 100% Kaihara cotton, giving the jeans just the right amount of firmness.

## What is UNIQLO Jeans?

### Innovation of UNIQLO Jeans

UNIQLO opened the Jeans Innovation Center in Los Angeles, the mecca of jeans design, in the fall of 2016. Here, knowledgeable jeans experts come together, passing their days developing new jeans with innovative techniques and materials.

### Collaboration with world-class makers

UNIQLO always engages in joint development with world-class makers in pursuit of higher quality and comfort. One of those producers, Kaihara, is from Japan. We have been developing products with this top denim manufacturer ever since 1998.

### Sustainable jeans

Water is essential to washing, an important part of making jeans, but we employ cutting-edge equipment and expert techniques to cut our water usage by as much as 99% compared to conventional processes. We plan to eventually expand this approach to all jeans production.

BASICS

# Simple, quality clothing that adapts to the times

We've updated this lineup to offer utterly simple yet trend-conscious items. This everyday attire is constantly evolving to offer everyone the fit and colors they want, with better materials.

- 1 100% cotton, mercerized for a fine luster. The drooped shoulders and slit hemline offer an effortless way to get in the season.
- 2 A basic, good-looking T-shirt with a nice, thick fit. Colors range widely from standard options to this year's trending shades.
- 3 This trendy, well-designed T-shirt features a boxy silhouett. The neck has a thickened ribbing for a simple look.
- 4 This tank top combining a nice material feel with random ribbing is an essential piece of inner attire. We painstakingly designed the cut to give the neckline and shoulders a neat look.

## Comfortable and lightweight crepe jersey

Crepe jersey material, made from special polyester yarn to produce a lightweight, comfortable and highly breathable fabric, is alluring for the fine texture. It's also fast-drying after washing, plus it retains its original shape well and is wrinkle-resistant, making for easy handling at home.

- 1 The flared sleeves seem to drape on this pretty T-shirt. A great way to coordinate an outfit is to pair the shirt with pants of the same material.
- 2 Joy of Print is a London based independent print studio founded by the designer Cath Kidston as a new solo project. Medium-length designs produce a relaxed look.
- 3 This blouse is made with material that remains opaque, even with light coloring. It creates a feminine air of sophistication. The basic shape will never go out of style, so you can wear it to go with a variety of outfits.
- 4 With a straight silhouette, these ankle pants show off your gorgeous legs. The waist contains a hidden rubber waistband for an easy-to-wear design that is both pretty and comfortable.

3  
RAYON  
BLOUSE

## Easy-to-handle, fine rayon

Rayon offers greater convenience. Hang it out to dry after washing in its original shape, and wrinkles will be easy to take out. While keeping the material's original sheen, the addition of the Easy Care design makes handling simpler. Choose from springtime pastels to basic tones in a wide-ranging array of colors.

## Highly advanced inner clothing for all-day comfort

AIRism is a highly advanced material that adapts to conditions like sweaty stickiness to keep the wearer comfortable. With a drying feature that releases moisture and heat and quickly dries sweat, it helps sweaty kids stay comfortable. Perfect for wearing under a T-shirt or pajamas.

## Simply wearing UV Protection items defends the skin from UV rays

UV rays are the nemesis of the skin for children who play outside a lot. Simply putting on UV Protection items is an easy way to defend the skin. For parents, that's a reassuring feature. Items like cardigans and parkas are useful in any season, not just summer.

## Waistlines designed to gently fit as time passes

We use soft jersey material that's around your belly to gently cover it while staying out of the way of your outer clothing. You can set the clothing to the size of your belly with the adjustable rubber band around the waist so you can use it for a long time, from before to after giving birth.

1 During pregnancy, Ultra Stretch material gently covers your belly while showing off your beautiful legs. The jersey material keeps the jeans from slipping off your waist.

2 These highly elastic leggings pants use cut and sewn material that stretches well. Enjoy a comfortable, stylish pair of pants you can relax in from early to late pregnancy and after childbirth.

3 These center press ankle pants make for a neat-looking outfit with a gorgeous silhouette. They're easy to move around in and resistant to wrinkling.

# Comfortable innerwear to express your own beauty

Inner layers make the most contact with your skin, so we've paid particular attention to wearer comfort and texture. Designs and features are made so you can enjoy the fashion you like and that suits your lifestyle and physique. You'll find just the thing for you in this collection of essential items.

## WIRELESS BRA Wireless bras for beauty and relaxation

### Updated Beauty Light

We've made the cups more snug and elastic underneath for a more comfortable and relaxing wireless bra. The stretchy cups adjust to each person's breasts for a snug fit for all. They also adapt to different sizes on each side.

The radial cuts allow the cups to easily adjust to the shape of each breast.

The cups feature an improved fit that is softer and more accurately matches your chest's shape.

## NEWS 2

### The power of clothing, the power of society. UNIQLO sustainability.

#### From recycled plastic bottles to polo shirts

UNIQLO has begun selling DryEx polo shirts made partially with recycled polyester produced from collected plastic bottles. The goal is to encourage recycling of plastic bottles and reductions in carbon dioxide emissions.

#### Reduced use of disposable plastic

To meet our target of reducing our use of disposable plastic by 85% by the end of 2020, UNIQLO is reviewing each one of our product packages so we can reduce the amount of plastic and paper we use and shift to environmentally-friendly materials.

## NEWS 2

### A special collection from Uniqlo U and UNIQLO and JW ANDERSON

A design team led by artistic director Christophe Lemaire collaborated with an R&D center in Paris to produce the fine wardrobes in this collection. Every year marks a new step forward as they seek to produce the ultimate daily attire that is more functional and sophisticated for each season.

Our special collaboration continues with a leading London-based fashion brand JW ANDERSON in the 20SS season. A designer, Jonathan Anderson introduces long-awaited kids line for the first time.
